

Welcome to the Glenview Park District Pickleball Courts at Flick Park

Play on these courts will be governed by the following regulations:

If courts are open and no one is waiting, you can use any available court.

Once the courts are full, the court rotation procedures below will apply:

- Singles and doubles play are permitted.
- Games will be played to 11 (win by 2)
- Courts will rotate after one game or 15 minutes if not playing an actual game.
- The rack system will be used to determine the order of play.
- Waiting players should put their paddle in the next available slot to hold their place in line. The rotation will move left to right.
- Players wishing to play as a group may do so by racking together in four slots.
- If 4 or more players are waiting, the next 4 players will rotate to an open court when it is available.
- If 3 or fewer players are waiting, players from the finishing court may complete a foursome.

Play is prohibited when snow and ice are present. Shoveling is strictly prohibited.

Pickleball play only – no roller blades, skateboards, bicycles, etc.

Glenview Park District classes and sponsored activities/organizations have priority.

All players must wear tennis shoes.

Use the Pickleball courts at your own risk.

Thank you,

The Glenview Park District
