Lap Lane Availability is intended to give an idea of how many lanes are available. Please use this as a guide, but please be aware that there may be times where more or less lanes are available than listed above due to unpredicted adjustments with programming or private lessons.

Private Lessons – May Impact Number of Lap Lanes

Private Lessons are offered at various times and take place in a lap lane. Aquatics Staff will close a lane for the duration of the private lesson. In the event that all lap lanes are utilized, Aquatic Staff will notify the affected swimmers prior to the lesson starting and will close the lane for the duration of lesson. This may require lap swimmers to share or move lanes to accommodate the closure. We appreciate your understanding and cooperation.
